April 2012

Announcements

- The Guam Law Library will be open its regular hours on Good Friday, April 6, 2012.
- The Board of Trustees for the Guam Law Library will hold a Regular Meeting on Wednesday, April 25, 2012 at 12:00 noon in the library conference room.

New CLE materials

These materials were recorded at the California State Bar Annual Meeting, Sept. 2011.

- **Protecting Your Solo Practice or Small Firm** (1 hr CLE)

This program covers types of insurance coverage for small practice individuals and businesses, how to complete the insurance application, and how to maintain protection into retirement.

Speakers: David Coher, Robert Scott.

- **Mastering the Art of Trial Presentation** (1.5 hr CLE)

When trial presentation is an art – it can be mastered. This program gives you the tools to prepare and effectively present a civil case for trial. Learn valuable insights on trial issues that frequently become critical on appeal. Let the experts teach you the do's and don'ts of trial presentation.

Speakers: Lee Smalley Edmon, Michael Stein, Paul Turner.

- **Ethical Closing Arguments** (1 hr CLE in Ethics)

Practical tips on how to give a winning closing argument while staying within the bounds of the Evidence code and the Rules of Professional Conduct. Speakers: Harry Dorfman, James P. Lambe, Jeff Ritschard.

New titles

- **The iPad in One Hour for Lawyers**, Tom Mighell

Whether you are a new or a more advanced iPad user, *iPad in One Hour for Lawyers* takes a great deal of the mystery and confusion out of using your iPad. Ideal for lawyers who want to get up to speed swiftly, this book presents the essentials so you don't get bogged down in technical jargon and extraneous features and apps.

- **Cloud Computing for Lawyers**, Nicole Black

As more businesses move their IT systems into the cloud, lawyers need to ask if cloud computing is right for them. *Cloud Computing for Lawyers* features a discussion of cloud computing fundamentals, an overview of legal cloud computing products, and step-by-step instructions for implementing cloud computing in your practice – including practical tips for securing your data.
